

## OFFERED BRIBE TO LEAVE TOWN

Strike Leader No Longer Wanted in Cheyenne, Wyo.

## HAS CAUSED A SENSATION PRESIDENT PERRY BACKED BY THE UNION.

(Special to The Herald.) Cheyenne, Wyo., March 24.—President B. Frank Perry of the local lodge of machinists, who are just now on a strike against the Union Pacific in its efforts to establish the piece work system in its repair shops, tells a startling story and one that were Perry not prepared to make affidavit, would be doubted.

President Perry, who spent several weeks in Omaha in consultation with other strike leaders, says that shortly after his return to Cheyenne a week ago he received a message to call at the office of a prominent business man. Perry responded and alleges that he was offered the sum of \$500 if he would move himself and family out of town at once. Perry wanted to know why he was to go, and the answer was that he was too active in strike matters and that he used his influence with the men in keeping them out on strike.

Perry asked for time to consider the matter, but immediately took the subject up with his fellow machinists at a meeting in St. John's hall. After a long discussion of the matter Perry informed the lodge that he would not accept the offer, but would remain and fight out the strike to the last ditch.

The affair has caused considerable of a sensation here and people are wondering who it was that wanted Perry out of the way. The business man is alleged to have told Perry that he had no interest in the matter one way or the other—he was simply an agent of the interests that desired Perry to leave town and had been authorized to pay Perry the sum of \$500 to get out.

Perry is the man that was assaulted in south Cheyenne one night last fall and almost killed. The assault was committed by a "scab" machinist named Price, and it is alleged that he was assisted by Union Pacific guards in making his escape. Price went to Colorado, where he was arrested, but later was released on habeas corpus proceedings. Last January he was arrested in a railroad camp south of Salt Lake, but again escaped by habeas corpus proceedings. Perry's injuries resulted in the loss of one eye and injury to the sight of the other.

## NICE POINT INVOLVED.

Case From the Philippines in U. S. Supreme Court.

Washington, March 24.—In the United States supreme court there was docketed today a case which may bring out a decision as to whether a case tried in the Philippine islands under the old Spanish laws since the congressional enactment of a law for the civil government of the islands was legally tried. The case is that of Thomas E. Kemper, who was tried on the charge of sequestrating an attorney and found guilty by the "court of first instance" to be not guilty. After this decision was reached the government appealed the case to the supreme court of the islands by which Kemper was found guilty. He brings the case to the supreme court on the ground that under the constitution of the United States he could not be twice put in jeopardy for the same offense.

## WAR IN BEET FIELDS.

Japs Will Defend Themselves If Again Attacked.

Oxnard, Cal., March 24.—L. Vasquez, one of the two men most seriously wounded in yesterday's labor troubles, will die.

As soon as the weather clears the Japanese whose attempt to go into the beet fields yesterday caused the riot, will again make the attempt. They are prepared to resist all attacks which are expected to be made.

Twelve thousand acres of beets in the surrounding country are now up and need attention. Many farmers in the town anxiously looking for beet thimbers. There are hundreds of Mexicans and Japanese ready to go into the fields, but owing to the peculiar conditions the farmers are, many of them, afraid to take either union or non-union men.

The sheriff will attempt to control the trouble when the laborers leave Oxnard, but the general opinion is that the next hostilities will open up in guarded beet fields, where the non-union men are now working.

## TWO KINDS OF CHILDREN

Children that grow too fast and those that seem hardly to grow at all, both need Scott's Emulsion.

It gives that rich vital nourishment which is the secret of all healthy growth. It rounds out the long limbs, and helps children to grow without using up all their strength in growing.

Mothers ought to know more about the wonderful help which Scott's Emulsion would give their children.

## STARVED HIS HEARERS

Rev. Dr. Lyman Abbott Has Advanced Views Regarding the Bible.

New York, March 24.—Rev. Dr. Lyman Abbott, who started his hearers at a Methodist minister's meeting by propounding some of those religious theories that he has elaborated in his book, "The Theology of an Evolutionist," the Bible, according to Dr. Abbott, is merely a record of human religious experiences. "I have a respect for the old theology," he said, "and today I cannot doubt that the change from the old to the new method of thinking in religion is important, radical and revolutionary. The typical departure is the recognition of the fact that the 'carpenter's theory of God's creation of the world, the belief of the religion that the earth was created out of a chaos, the belief that the Bible is not a book in which fifty or sixty writers tell what religion is, but a record of the religious experiences of a race, a record of their consciousness of God. They were human, they were imperfect men, those who wrote the Bible, they stumbled as we stumble."

## NAVAL STATION IN CUBA.

Guantanamo Has Been Selected by Secretary Moody.

Guantanamo, Cuba, March 24.—After a personal inspection of the proposed site, Secretary Moody has selected Guantanamo as the principal United States naval station in the West Indies. Secretary Moody, Senator Proctor and Congressman Cannon, Foss and Gillett arrived here yesterday on board the United States dispatch boat Dolphin.

Secretary Moody and his associates have worked incessantly during the past two days under a hot sun examining the points, the water supply and the surrounding country. They visited the locations for the proposed fortifications, surveyed the coast line and conferred with the Cuban government regarding the necessary lands as the Spanish and English owners are enthusiastic for the station. It is thought that the army and navy will maintain forces at Guantanamo. The Dolphin will proceed to Jamaica tomorrow.

## WABASH EXTENSION.

George Gould Orders the Building of a Railroad.

Pittsburgh, March 24.—George Gould has issued orders to J. E. Patterson, chief engineer of the Pittsburgh and Toledo syndicate, to prepare plans for the building of the Greene County railroad at a cost of \$7,000,000, from Bishop and Hickory, on the Pittsburgh extension of the Wabash railroad, through Washington, Greene and Fayette counties to the Connellsville region, at Uniontown. The length of the line will be sixty miles. By this route two days will be saved in shipping ore to Chicago. The work will start this spring and will be completed in one year. The line will penetrate great tracts of rich steam and coking coal.

Mr. Gould will assume direct and active management of the Wabash property during the absence of President Ramsey, who sailed for Egypt today.

## PEACE IN CHINATOWN.

Portland Highbinder Have Buried the Hatchet.

Portland, March 24.—Peace has been declared in Chinatown. The highbinder factions have called in their dogs of war and agreed to let the past be forgotten. A peaceable settlement was reached yesterday afternoon after a conference with Chief of Police Hunt and a conference between the Chinese and highbinder societies. Upon what terms a settlement was reached can only be surmised.

"Everything all right now," is the only answer that can be obtained from Celestial warriors when they are questioned as to the terms.

The Chinese merchants of the city have brought about the settlement. They have given the highbinder to understand that they will not tolerate their lawless way, and if their troubles are not settled peaceably the police will be called concerning all of their plans, and they will be run out of the city.

## PROTOCOL SIGNED.

Spanish Government Has Agreed With Minister Bowen.

Washington, March 24.—The Spanish government will sign with Minister Bowen a protocol for the appointment of a mixed commission to sit at Caracas to adjust the claims of citizens of Spain against Venezuela. The president of the republic of Mexico will be asked to name the umpire, who will decide questions of disagreement between the two commissioners provided for in the protocol. With the completion of the Spanish protocol all the nations except Germany having claims against Venezuela will have provided the machinery for settling them. The nations outside the blockading alliance are expected to go to The Hague with a united front against any preferential treatment in the payment of the claims of the three blockading powers.

## IS JUDICIALLY DEAD.

## SMOTHERED IN A BOX CAR.

Former Salt Laker Meets Tragic Death in State of Washington.

According to information from Ellensburg, Wash., Frank McCluskey, a bartender, formerly of this city, and Michael Hunt, a waiter of Tacoma, met death in a box car in that city a few nights ago as a result of building a fire in a tin can to keep warm, then going to sleep.

The two men were traveling about over the country. It is said, and it being a cold night they crawled into a refrigerator for protection against the cold. They found a tin can and some coal near the car and built a fire in the can. Closing the doors of the car they lay down near the can and dropped to sleep. In the night the fire melted the bottom from the can and the coals fell out on the wooden floor. This set fire to the car and the smoke suffocated the men. When they were found the next day their bodies had been badly burned by the fire which was slowly smoldering in the bottom of the car.

McCluskey lived in Salt Lake about a year and left here only a few months ago. While he was here he tended bar in several saloons. It is said, and also claimed to be a waiter. He is well known among the restaurant and saloon men of the city.

# Test For Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What Swamp-Root, the World-Famous Kidney, Liver and Bladder

Remedy, Will do for YOU, Every Reader of the "Herald" May

Have a Sample Bottle FREE.

Gentlemen—Some two years ago I was so run down that I lacked strength, had no appetite and could not sleep nights. Sometimes it seemed as though my back would break in two after stooping. I had to get up many times during the night to urinate and go often through the day. After having the best physicians prescribe for me without relief, I decided from my symptoms that the medicine I needed was Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. After trying a sample bottle with good results, I purchased six bottles of the regular size and after taking them was entirely cured. Swamp-Root is a wonderful remedy when a man is not feeling well after exposure or loss of sleep and irregular meals. It is also a great medicine to tone up a man's system. Other members of the police force are using and recommending Swamp-Root. They, like myself, cannot say too much in praise of this great remedy.

The officers (whose signatures accompany this letter), as well as myself, thank you for the good you have accomplished in the compounding of Swamp-Root.

We remain, yours very truly,

To Dr. Kilmer & Co., Binghamton, N. Y.

Officers of the Binghamton, N. Y., Police Department.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince any one. Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when, through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often through the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound.

EDITORIAL NOTICE.—Swamp-Root, the great kidney, liver and bladder remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles cured by Swamp-Root. In writing, be sure and mention that you read this generous offer in The Salt Lake City Daily Herald when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular 50-cent and \$1 size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
